[New York] Lyons Wier Farley is pleased to announce the exhibition, *Achilles and Other Paintings* by **Mark Zimmermann**.

Mark Zimmermann's work is based on the fusion of meditative fields, architectonic structures and an organic gestural line that is one-part intentional and one-part accidental. Zimmermann clearly demonstrates his deftness of hand though labored bands of color, building and editing one band upon other, until the editing process renders compositions that combine both hard-edge and action-painting abstraction.

Zimmermann states, "For the past three years, I have attempted to create, within my work, metaphorical landscapes, referencing the natural world, architecture and my interest in history and literature. Given these concerns I began to experiment with metallic paint - gold in particular. Committing to finalize a body of work, I began to feel a sharp tie (in the romantic sense) to the heroic ages and chronicles of the ancient world- the metallic gold paint moving beyond metaphor to fire the very content of the painting."

Mark Zimmermann has exhibited across the United States and abroad. His work is held in private and public collections such as JW Marriott Essex House Hotel, New York, NY, The Four Seasons Hotel, Washington, D.C., the Marriott Convention Center, Schaumburg, IL, The Palazzo Hotel and Resort, Las Vegas, NV, Norwegian Cruise Line, The Parisian Sands Macau Hotel, Macau, China, to name a few. The artist lives and works in New York City, New York.
